

# VERMONT LASER CHIROPRACTIC PATIENT INSTRUCTIONS, SCHEDULE AND FEES

Dear valued patients and friends:

In order to make our time together the most productive and efficient, the following guide will facilitate your care and will help tailor it to your individual needs. When you schedule please let us know exactly what you need so that appropriate time can be given to address your clinical issues in a thorough and thoughtful manner without infringing upon the time of those scheduled after you. Office hours are by appointment only.

You may call the office at (802) 295-9583 to schedule, or you may TEXT Dr. McDermott at (802) 299-6070, or Dr. Drebber at (802) 291-0963. Please leave any and all voicemails on the office line, not on our cell phones. Texting is the easiest and fastest way to get a hold of us. I am kindly asking that you only call my Randolph, VT office location if you would like to see me, Dr. McD, there on Mon or Wed and for no other reason. These are two separate business entities and we cannot have the office staff in Randolph taking calls for VLC. Thank you.

Please make your checks out in advance to VLC or please bring exact bills (for the appropriate amount below) so that we are not taking clinical time away from your visit. We appreciate the opportunity to serve you and know that you have a choice for your health care needs.
